

In today's business environment, technology communications are essential to successful operations. Disruption in these services is costly for your staff, suppliers and customers. CabCare Maintenance Service Plans are designed to provide peace of mind and a layer of protection for your communications equipment investment.

Trust the experienced Cabco Service Team to deliver efficient and knowledgeable technical service support, wherever and whenever you need it.

## Protect your technology investment with CabCare

A tailored CabCare Maintenance Services Plan will ensure many years of optimized performance, predictable maintenance and overall investment protection.

Choose CabCare Plans for Telephone (Avaya, Toshiba, 3CX), Ruckus Wireless, Video Conferencing (room and cloud-based) and Security Solutions (CCTV, Access Controls).

### CabCare Essential
